PROFILE

SAP BW Consultant with over four years of experience in designing, developing, and optimizing enterprise data warehousing solutions. Strong background in SAP BW modeling, ETL processes, ABAP enhancements, and performance optimization. Skilled in translating business needs into scalable BI solutions and ensuring high data quality and reliability.

WORK EXPERIENCE

SAP BW CONSULTANT

DataTech Solutions

January 2020 - Present

Design, develop, and maintain SAP BW data models, including InfoObjects, DSOs, and MultiProviders. Implement ETL workflows using SAP Data Services and custom ABAP routines. Optimize query execution and troubleshoot data inconsistencies. Responsible for BW architecture improvements, documentation, and ensuring end-to-end data quality.

EDUCATION

M.S. Computer Science

2017-2018

Warsaw University of Technology

Focused on software engineering, database systems, distributed systems, and data processing. Completed academic projects involving enterprise data flows and business intelligence fundamentals.
